

RECKLESS LABORATORY

THE SYSTEM · A COMPLETE DIGITAL FASHION PLATFORM

IT'S NOT FOR YOU. ■

An experimental streetwear house from Banjul — engineered into a full ecommerce ecosystem. Storefront, exhibition, checkout, tracking, and a business operating system.

EST MMXXVI · BANJUL → WORLDWIDE · RECKLESS-LAB.VERCEL.APP

Not a store. An ecosystem.

Reckless Lab looks like a luxury fashion editorial and works like a world-class ecommerce platform. Customers browse, search, save, buy, and track — exactly like a premium online store.

THE ONLY THING OUTSIDE THE WEBSITE

Payment is confirmed over **WhatsApp**. Everything else — orders, customers, inventory, tracking, analytics, promotions — lives inside the platform.

Three signatures. Six washes.

03 - THE EXPERIENCE

A cinematic storefront.

- Full-screen campaign hero with scroll-driven motion
- "The Lab" — an immersive 7-chapter brand exhibition
- Editorial product pages with per-piece campaign spreads
- Interactive series index, art-directed drop, moodboard walls
- Light & dark mode · fly-to-cart · smooth reveals

From discovery to doorstep.

Every step is stored and managed inside the platform — nothing lives only in a chat.

Real orders. Real numbers.

A public **/track** page for guests and registered customers — enter the order & tracking number to see live status, pieces, address, courier, and estimated delivery.

THE PIPELINE

- New Order
- Payment Confirmed
- Packaging
- Ready to Ship
- In Transit
- Delivered

A premium account, not a form.

Tabbed, animated, and styled in the same editorial language as the storefront — order history with live tracking, saved addresses (add/edit/default), and profile settings.

Offers, built in.
